How to use this book

Every song is written out the way it is sung, with the refrain repeated after each verse. The chord sits above the word where it changes. Strum on the beat the taal gives you; if the song is too high or low for your voice, put a capo on and keep the same shapes.

TAAL	BEATS	PLAY IT AS	STRUM
Dadra	6 beats (3 + 3)	6/8	D · D U D U
Khemta	6 beats, lilting	6/8	D · D U D U
Ektaal	12 beats, felt as 6 + 6	6/8	D · D U D U
Kaharwa	8 beats (4 + 4)	4/4	D · D U · U D U
Tritaal	16 beats (4 × 4)	4/4	D · D U · U D U
Ardha Jhaptaal	5 beats (2 + 3)	slow 6/8	D · D U D U

Strum symbols: D = down, U = up, · = rest. Lines marked *(repeat)* return to the refrain.
